### **About the JA Malta Careers Expo**

Choosing a career can be a daunting and difficult task, especially if you're not quite sure what's out there!

The JA Malta Careers Expo is an event that can help uncover the world of work! Companies from around Malta will be exhibiting different careers for you to explore, at Valletta Design Cluster! You will be able to speak to company representatives and ask the important questions about the different careers on offer.

And that's not all...

We understand that the transition into the working world brings with it new challenges. With this in mind, we have designed several workshops to help you build the necessary skills to be as prepared as can be! The feature workshop of the day will be financial skills training that will cover everything from budgeting, money management, pension planning and more.

As the final exercise for the day, a financial skills competition will see one lucky team walk away with a €500 prize!

You may find attached a poster for dissemination amongst your students or for printing.

Please do not hesitate to get in touch if you have any queries.
